

Pre-K Cheetah's December 2018 Newsletter

We would like to give all our families an enormous ThankYou! For all the participation at all of our events: Kindergarten Meeting and Thanksgiving Feast. We had a great turn out for both. Please continue to take part (when possible) the children really enjoy knowing that their families took part.

Thanks!

The month of December blew in quite fast, we definitely feel the cold air. This month The Pre-K Cheetahs will be covering lots of different themes. We will be discussing Opposites, Numbers and Shapes, looking for them throughout our daily activity whether at school, home or our community. One other theme we will discuss and experience is Family Traditions. Each child will receive a day to share their Family Tradition. For example, if your family celebrates Christmas and you read a special story, please bring in the story and we will read it at Circle Time; if your family celebrates Hanukkah and you would like to send the ingredients to make potato latkes, or better yet, come in to make them with the class, we would love for you to join us; or if you celebrate Eid Norouz, Persian New Year, and your child has pictures, special clothes, or music to share, please bring them in.

We would love to wish all our Pre-K Cheetah Families a wonderful Christmas, the most festive Hannukah and a prosperous New Year.

Happy Birthday! Feliz Cumpleaños
